

117TH CONGRESS  
1ST SESSION

# H. R. 3783

To provide for the coverage of medically necessary food and vitamins and individual amino acids for digestive and inherited metabolic disorders under Federal health programs and private health insurance, to ensure State and Federal protection for existing coverage, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

JUNE 8, 2021

Mr. MCGOVERN (for himself and Ms. HERRERA BEUTLER) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committees on Ways and Means, Oversight and Reform, and Armed Services, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

---

## A BILL

To provide for the coverage of medically necessary food and vitamins and individual amino acids for digestive and inherited metabolic disorders under Federal health programs and private health insurance, to ensure State and Federal protection for existing coverage, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2       This Act may be cited as the “Medical Nutrition Eq-  
3 uity Act of 2021”.

4 **SEC. 2. FINDINGS.**

5       Congress finds the following:

6           (1) Each year, thousands of children and adults  
7       in the United States are diagnosed with certain di-  
8       gestive or inherited metabolic disorders that prevent  
9       their bodies from digesting or metabolizing the food  
10      they need to survive. For them, medically necessary  
11      food, which can often be administered as an orally  
12      consumed formula, is their treatment.

13          (2) Without medically necessary food, these pa-  
14      tients risk malnutrition, surgery, and repeated hos-  
15      pitalizations. They may suffer intellectual disability  
16      or even death. Risks in pediatric populations are  
17      particularly profound and often severe and also in-  
18      clude inadequate growth, abnormal development,  
19      cognitive impairment, and behavioral disorders. Spe-  
20      cialized medically necessary food is standard-of-care  
21      therapy for these patients and is essential to pre-  
22      venting such outcomes.

23          (3) While not every person diagnosed with these  
24      conditions needs to be treated with medically nec-  
25      essary food for a prolonged period, it is critical that  
26      patients and their physicians be able to consider the

1 full range of options and select the treatment that  
2 will be most effective for each patient.

3 (4) Insurance companies will typically cover  
4 pharmaceuticals or biologics for treatment of many  
5 of these conditions, if there is a therapy approved by  
6 the Food and Drug Administration. However, these  
7 types of treatments may not be the first-line therapy  
8 a physician would recommend, do not work for all  
9 patients, and can have undesirable risks, such as  
10 cancer or suppression of the immune system, which  
11 can increase a patient's risk of infection.

12 (5) Even when an insurance company does  
13 cover medically necessary food, it can come with the  
14 stipulation the formula be administered through a  
15 feeding tube, placed through the nose into the stom-  
16 ach or surgically placed directly into the stomach or  
17 jejunum, even if a patient is capable of taking the  
18 formula orally without these devices. Surgical place-  
19 ment of feeding tubes unnecessarily results in in-  
20 creased risk to the patient and increased cost to the  
21 health care system.

22 (6) Testing for select inherited metabolic dis-  
23 orders is required in all States, and approximately  
24 2,000 babies per year are diagnosed with one of  
25 these disorders that requires treatment through

1 medically necessary food. Yet, policies on medically  
 2 necessary food vary significantly and do not always  
 3 make it possible for families to get sufficient nutri-  
 4 tion for their affected children which can lead to de-  
 5 layed development, brain damage, and even death.

6 (7) The worsening of food insecurity during the  
 7 COVID–19 pandemic has had a significant impact  
 8 on patients who rely on medical nutrition, and the  
 9 cost of meeting their dietary needs has been a major  
 10 burden to individuals facing financial challenges as  
 11 a result of the pandemic.

12 **SEC. 3. COVERAGE OF MEDICALLY NECESSARY FOOD, VITA-**  
 13 **MINS, AND INDIVIDUAL AMINO ACIDS FOR DI-**  
 14 **GESTIVE AND INHERITED METABOLIC DIS-**  
 15 **ORDERS UNDER FEDERAL HEALTH PRO-**  
 16 **GRAMS AND PRIVATE HEALTH INSURANCE.**

17 (a) COVERAGE UNDER THE MEDICARE PROGRAM.—

18 (1) MEDICALLY NECESSARY FOOD.—

19 (A) IN GENERAL.—Section 1861(s)(2) of  
 20 the Social Security Act (42 U.S.C. 1395x(s)(2))  
 21 is amended—

22 (i) in subparagraph (GG), by striking  
 23 “and” at the end;

24 (ii) in subparagraph (HH), by insert-  
 25 ing “and” at the end; and

1 (iii) by adding at the end the fol-  
2 lowing new subparagraph:

3 “(II) medically necessary food (as defined in  
4 subsection (III)) and, if required, the medical equip-  
5 ment and supplies necessary to administer such food  
6 (other than medical equipment and supplies de-  
7 scribed in subsection (n));”.

8 (B) DEFINITION.—Section 1861 of the So-  
9 cial Security Act (42 U.S.C. 1395x) is amended  
10 by adding at the end the following new sub-  
11 section:

12 “Medically Necessary Food

13 “(III)(1) Subject to paragraph (2), the term ‘medi-  
14 cally necessary food’ means food, including a low protein  
15 modified food product, an amino acid preparation product,  
16 a modified fat preparation product, or a nutritional for-  
17 mula (including such a formula that does not require a  
18 prescription), that is—

19 “(A) furnished pursuant to the prescription,  
20 order, or recommendation (as applicable) of a physi-  
21 cian or other health care professional qualified to  
22 make such prescription, order, or recommendation,  
23 for the dietary management of a covered disease or  
24 condition;

1           “(B) a specially formulated and processed prod-  
2           uct (as opposed to a naturally occurring foodstuff  
3           used in its natural state) for the partial or exclusive  
4           feeding of an individual by means of oral intake or  
5           enteral feeding by tube;

6           “(C) intended for the dietary management of  
7           an individual who, because of a specified disease or  
8           condition, has limited or impaired capacity to ingest,  
9           digest, absorb, or metabolize ordinary foodstuffs or  
10          certain nutrients, or who has other special medically  
11          determined nutrient requirements, the dietary man-  
12          agement of which cannot be achieved by the modi-  
13          fication of the normal diet alone;

14          “(D) intended to be used under medical super-  
15          vision, which may include in a home setting; and

16          “(E) intended only for an individual receiving  
17          active and ongoing medical supervision wherein the  
18          individual requires medical care on a recurring basis  
19          for, among other things, instructions on the use of  
20          the food.

21          “(2) For purposes of paragraph (1), the term ‘medi-  
22          cally necessary food’ does not include the following:

23                 “(A) Foods taken as part of an overall diet de-  
24                 signed to reduce the risk of a disease or medical con-  
25                 dition or as weight loss products, even if they are

1 recommended by a physician or other health profes-  
2 sional.

3 “(B) Foods marketed as gluten-free for the  
4 management of celiac disease or non-celiac gluten  
5 sensitivity.

6 “(C) Foods marketed for the management of  
7 diabetes.

8 “(D) Other products determined appropriate by  
9 the Secretary.

10 “(3) In this subsection, the term ‘covered disease or  
11 condition’ means the following diseases or conditions:

12 “(A) Inherited metabolic disorders, including  
13 the following:

14 “(i) Disorders classified as metabolic dis-  
15 orders on the Recommended Uniform Screening  
16 Panel Conditions list of the Secretary of Health  
17 and Human Services’ Advisory Committee on  
18 Heritable Disorders in Newborns and Children.

19 “(ii) N-acetyl glutamate synthase defi-  
20 ciency.

21 “(iii) Ornithine transcarbamylase defi-  
22 ciency.

23 “(iv) Carbamoyl phosphate synthetase de-  
24 ficiency.

1           “(v) Inherited disorders of mitochondrial  
2           functioning.

3           “(B) Medical and surgical conditions of mal-  
4           absorption, including the following:

5                 “(i) Impaired absorption of nutrients  
6                 caused by disorders affecting the absorptive  
7                 surface, functional length, and motility of the  
8                 gastrointestinal tract, including short bowel  
9                 syndrome and chronic intestinal pseudo-obstruc-  
10                tion.

11               “(ii) Malabsorption due to liver or pan-  
12               creatic disease.

13           “(C) Immunoglobulin E and non-  
14           Immunoglobulin E-mediated allergies to food pro-  
15           teins, including the following:

16                 “(i) Immunoglobulin E and non-  
17                 Immunoglobulin E-mediated allergies to food  
18                 proteins.

19                 “(ii) Food protein-induced enterocolitis  
20                 syndrome.

21                 “(iii) Eosinophilic disorders, including  
22                 eosinophilic esophagitis, eosinophilic  
23                 gastroenteritis, eosinophilic colitis, and post-  
24                 transplant eosinophilic disorders.

1           “(D) Inflammatory or immune mediated condi-  
2           tions of the alimentary tract, including the following:

3                   “(i) Inflammatory bowel disease, including  
4           Crohn’s disease, ulcerative colitis, and indeter-  
5           minate colitis.

6                   “(ii) Gastroesophageal reflux disease that  
7           is nonresponsive to standard medical therapies.

8           “(E) Any other disease or condition determined  
9           appropriate by the Secretary, in consultation with  
10          appropriate scientific entities, such as the Agency  
11          for Healthcare Research and Quality.

12          “(4)(A) In this subsection, the term ‘low protein  
13          modified food product’ means a type of medical food that  
14          is modified to be low in protein and formulated for oral  
15          consumption for individuals with inborn errors of protein  
16          metabolism.

17          “(B) Such term does not include foods that are natu-  
18          rally low in protein, such as some fruits or vegetables.”.

19                   (C) PAYMENT.—Section 1833(a)(1) of the  
20                  Social Security Act (42 U.S.C. 1395l(a)(1)) is  
21                  amended—

22                                  (i) by striking “and” before “(DD)”;

23                                  and

24                                  (ii) by inserting before the semicolon  
25                  at the end the following: “and (EE) with

1           respect to medically necessary food (as de-  
2           fined in section 1861(III)), the amount paid  
3           shall be an amount equal to 80 percent of  
4           the lesser of the actual charge for the serv-  
5           ices or the amount determined under a fee  
6           schedule established by the Secretary for  
7           purposes of this subparagraph.”.

8           (D) EFFECTIVE DATE.—The amendments  
9           made by this subsection shall apply to items  
10          and services furnished on or after the date that  
11          is 1 year after the date of the enactment of this  
12          Act.

13          (2) INCLUSION OF MEDICALLY NECESSARY VI-  
14          TAMINS AND INDIVIDUAL AMINO ACIDS AS A COV-  
15          ERED PART D DRUG.—

16               (A) IN GENERAL.—Section 1860D–2(e)(1)  
17               of the Social Security Act (42 U.S.C. 1395w–  
18               102(e)(1)) is amended—

19                     (i) in subparagraph (A), by striking  
20                     “or” at the end;

21                     (ii) in subparagraph (B), by striking  
22                     the comma at the end and inserting “; or”;  
23                     and

24                     (iii) by inserting after subparagraph  
25                     (B) the following new subparagraph:

1 “(C) medically necessary vitamins and in-  
2 dividual amino acids used for the management  
3 of a covered disease or condition (as defined in  
4 section 1861(III)(3)) pursuant to the prescrip-  
5 tion, order, or recommendation (as applicable)  
6 of a physician or other health care professional  
7 qualified to make such prescription, order, or  
8 recommendation.”.

9 (B) EFFECTIVE DATE.—The amendments  
10 made by subparagraph (A) shall apply to plan  
11 years beginning on or after the date that is 1  
12 year after the date of the enactment of this Act.

13 (b) COVERAGE UNDER THE MEDICAID PROGRAM.—

14 (1) IN GENERAL.—Section 1905(a) of the So-  
15 cial Security Act (42 U.S.C. 1396d(a)) is amend-  
16 ed—

17 (A) in paragraph (30), by striking “and”  
18 at the end;

19 (B) by redesignating paragraph (31) as  
20 paragraph (33); and

21 (C) by inserting after paragraph (30) the  
22 following new paragraphs:

23 “(31) medically necessary food (as defined in  
24 section 1861(III)) and the medical equipment and  
25 supplies necessary to administer such food;

“(32) medically necessary vitamins and individual amino acids used for the management of a covered disease or condition (as defined in section 1861(l)(3)) pursuant to the prescription, order, or recommendation (as applicable) of a physician or other health care professional qualified to make such prescription, order, or recommendation; and”.

(2) CONFORMING AMENDMENTS.—

(A) MANDATORY BENEFITS.—Section 1902(a)(10)(A) of the Social Security Act (42 U.S.C. 1396a(a)(10)(A)) is amended, in the matter preceding clause (i), by striking “and (30)” and inserting “(30), (31), and (32)”.

(B) EXCEPTION TO COVERAGE RESTRICTION.—Section 1927(d)(2)(E) of the Social Security Act (42 U.S.C. 1396r-8(d)(2)(E)) is amended by inserting “and except for medically necessary vitamins and individual amino acids described in section 1905(a)(32)” before the period at the end.

(3) EFFECTIVE DATE.—

(A) IN GENERAL.—Subject to subparagraph (B), the amendments made by this subsection shall take effect on the date that is 1 year after the date of the enactment of this Act.

1 (B) EXCEPTION TO EFFECTIVE DATE IF  
2 STATE LEGISLATION REQUIRED.—In the case of  
3 a State plan for medical assistance under title  
4 XIX of the Social Security Act which the Sec-  
5 retary of Health and Human Services deter-  
6 mines requires State legislation (other than leg-  
7 islation appropriating funds) in order for the  
8 plan to meet the additional requirements im-  
9 posed by the amendments made by this sub-  
10 section, the State plan shall not be regarded as  
11 failing to comply with the requirements of such  
12 title solely on the basis of its failure to meet  
13 this additional requirement before the first day  
14 of the first calendar quarter beginning after the  
15 close of the first regular session of the State  
16 legislature that begins after the date of the en-  
17 actment of this Act. For purposes of the pre-  
18 vious sentence, in the case of a State that has  
19 a 2-year legislative session, each year of such  
20 session shall be deemed to be a separate regular  
21 session of the State legislature.

22 (c) COVERAGE UNDER CHIP.—

23 (1) IN GENERAL.—Section 2103(c) of the So-  
24 cial Security Act (42 U.S.C. 1397cc(c)) is amended  
25 by adding at the end the following:

1           “(12) MEDICALLY NECESSARY FOOD.—The  
2     child health assistance provided to a targeted low-in-  
3     come child under the plan shall include coverage of  
4     medically necessary food (as defined in section  
5     1861(III)) and the medical equipment and supplies  
6     necessary to administer such food.

7           “(13) CERTAIN VITAMINS AND INDIVIDUAL  
8     AMINO ACIDS.—The child health assistance provided  
9     to a targeted low-income child under the plan shall  
10    include coverage of medically necessary vitamins and  
11    individual amino acids used for the management of  
12    a covered disease or condition (as defined in section  
13    1861(III)(3)) pursuant to the prescription, order, or  
14    recommendation (as applicable) of a physician or  
15    other health care professional qualified to make such  
16    prescription, order, or recommendation.”.

17           (2) CONFORMING AMENDMENT.—Section  
18    2103(a) of the Social Security Act (42 U.S.C.  
19    1397cc(a)) is amended, in the matter preceding  
20    paragraph (1), by striking “and (8)” and inserting  
21    “(8), (12), and (13)”.

22           (3) EFFECTIVE DATE.—

23           (A) IN GENERAL.—Subject to subpara-  
24    graph (B), the amendments made by this sub-

1 section shall take effect on the date that is 1  
2 year after the date of the enactment of this Act.

3 (B) EXCEPTION TO EFFECTIVE DATE IF  
4 STATE LEGISLATION REQUIRED.—In the case of  
5 a State child health plan for child health assist-  
6 ance under title XXI of the Social Security Act  
7 which the Secretary of Health and Human  
8 Services determines requires State legislation  
9 (other than legislation appropriating funds) in  
10 order for the plan to meet the additional re-  
11 quirements imposed by the amendments made  
12 by this subsection, the State child health plan  
13 shall not be regarded as failing to comply with  
14 the requirements of such title solely on the  
15 basis of its failure to meet this additional re-  
16 quirement before the first day of the first cal-  
17 endar quarter beginning after the close of the  
18 first regular session of the State legislature that  
19 begins after the date of the enactment of this  
20 Act. For purposes of the previous sentence, in  
21 the case of a State that has a 2-year legislative  
22 session, each year of such session shall be  
23 deemed to be a separate regular session of the  
24 State legislature.

1 (d) MODIFICATION OF DEFINITION OF MEDICALLY  
2 NECESSARY FOOD AND COVERED DISEASE OR CONDI-  
3 TION UNDER THE TRICARE PROGRAM.—

4 (1) IN GENERAL.—Section 1077(h) of title 10,  
5 United States Code, is amended—

6 (A) in paragraph (2)(A), in the matter  
7 preceding clause (i), by striking “or an amino  
8 acid preparation product” and inserting “, an  
9 amino acid preparation product, a modified fat  
10 preparation product, or a nutritional formula  
11 (including such a formula that does not require  
12 a prescription)”; and

13 (B) in paragraph (3)—

14 (i) in subparagraph (D), by striking  
15 “and” at the end;

16 (ii) by redesignating subparagraph  
17 (E) as subparagraph (F); and

18 (iii) by inserting after subparagraph  
19 (D) the following:

20 “(E) Immunoglobulin E or non-Immunoglobulin  
21 E mediated allergies to food proteins; and”.

22 (2) EFFECTIVE DATE.—The amendments made  
23 by paragraph (1) shall apply to health care provided  
24 under chapter 55 of title 10, United States Code, on

1 or after the date that is one year after the date of  
 2 the enactment of this Act.

3 (e) COVERAGE UNDER FEHBP.—

4 (1) IN GENERAL.—Section 8902 of title 5,  
 5 United States Code, is amended by adding at the  
 6 end the following:

7 “(p) A contract for a plan under this chapter shall  
 8 require the carrier to provide coverage for—

9 “(1) medically necessary food (as defined in  
 10 section 1861(l)) of the Social Security Act) and the  
 11 medical equipment and supplies necessary to admin-  
 12 ister such food; and

13 “(2) medically necessary vitamins and indi-  
 14 vidual amino acids in the same manner provided for  
 15 under section 1860D–2(e)(1)(C) of the Social Secu-  
 16 rity Act.”.

17 (2) EFFECTIVE DATE.—The amendment made  
 18 by paragraph (1) shall apply with respect to contract  
 19 years beginning on or after the date that is 1 year  
 20 after the date of enactment of this Act.

21 (f) COVERAGE UNDER PRIVATE HEALTH INSUR-  
 22 ANCE.—

23 (1) IN GENERAL.—Subpart II of part A of title  
 24 XXVII of the Public Health Service Act (42 U.S.C.

1       300gg–11 et seq.) is amended by adding at the end  
2       the following:

3       **“SEC. 2729A. COVERAGE OF MEDICALLY NECESSARY FOOD,**  
4                   **VITAMINS, AND INDIVIDUAL AMINO ACIDS.**

5       “A health insurance issuer offering group or indi-  
6       vidual health insurance coverage shall provide coverage  
7       for—

8               “(1) medically necessary food (as defined in  
9       section 1861(l)(3) of the Social Security Act) and the  
10       medical equipment and supplies necessary to admin-  
11       ister such food; and

12               “(2) medically necessary vitamins and indi-  
13       vidual amino acids in the same manner provided for  
14       under section 1860D–2(e)(1)(C) of the Social Secu-  
15       rity Act.”.

16               (2) EFFECTIVE DATE.—The amendment made  
17       by paragraph (1) shall apply to plan years beginning  
18       on or after the date that is 1 year after the date of  
19       the enactment of this Act.

20               (g) NONPREEMPTION OF STATE LAWS THAT PRO-  
21       VIDE GREATER COVERAGE.—Nothing in the provisions of,  
22       or the amendments made by, this section shall preempt  
23       a State law that requires coverage of medically necessary  
24       food and vitamins and individual amino acids for digestive  
25       and inherited metabolic disorders that exceeds the require-

1 ments for coverage under such provisions and amend-  
2 ments.

3       (h) MEDICALLY NECESSARY NUTRITION COVERAGE  
4 INCLUDES COMBINATIONS AND SUPPLIES.—Nothing in  
5 the provisions of, or the amendments made by, this section  
6 shall limit coverage of a medically necessary food (as de-  
7 fined in subsection (lll) of section 1861 of the Social Secu-  
8 rity Act, as added by subsection (a)) or the medical equip-  
9 ment and supplies necessary to administer such food when  
10 prescribed, ordered, or recommended in combination with  
11 another medically necessary food (as so defined) or other  
12 necessary medical equipment and supplies.

○
