To amend title 23, United States Code, to increase accessible transportation for individuals with disabilities.

---

## IN THE HOUSE OF REPRESENTATIVES

MARCH 9, 2021

Mr. LANGEVIN (for himself and Ms. TITUS) introduced the following bill; which was referred to the Committee on Transportation and Infrastructure

---

## A BILL

To amend title 23, United States Code, to increase accessible transportation for individuals with disabilities.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Disability Access to  
5       Transportation Act”.

6       **SEC. 2. FINDINGS.**

7       Congress finds the following:

8               (1) According to the Centers for Disease Con-  
9       trol and Prevention, 1 in 4 U.S. adults has a dis-  
10      ability.

1           (2) Section 2(b) of the Americans with Disabil-  
2           ities Act (42 U.S.C. 12101) recognized that individ-  
3           uals with disabilities face discrimination when using  
4           transportation services and sought to provide “a  
5           clear and comprehensive national mandate for the  
6           elimination of discrimination against individuals with  
7           disabilities”.

8           (3) 30 years after the enactment of the Ameri-  
9           cans with Disabilities Act, individuals with disabili-  
10          ities continue to face systemic discrimination and a  
11          lack of accessible transportation options.

12          (4) Transportation is a core component of inde-  
13          pendent living; without the ability to easily move  
14          from one location to another, especially to drop a  
15          child off at day care, arrive at work on time, or run  
16          basic errands, true community living is impossible.

17          (5) Technology is changing the way the trans-  
18          portation industry provides services.

19          (6) As technology continues to change the way  
20          people move from one place to another, the transpor-  
21          tation sector, including Federal agencies, local tran-  
22          sit systems, and private entities must innovate and  
23          provide services in a way that empowers individuals  
24          with disabilities to travel independently in their com-  
25          munities.

1 **SEC. 3. ONE-STOP PARATRANSIT PILOT PROGRAM.**

2 (a) IN GENERAL.—Not later than 6 months after the  
3 date of enactment of this Act, the Secretary of Transpor-  
4 tation shall establish a one-stop paratransit pilot program.

5 (b) PURPOSE.—The purpose of the pilot program  
6 under this section is to develop or expand paratransit pro-  
7 grams carried out pursuant to the ADA to provide for 1  
8 stop of at least 15 minutes outside of the vehicle during

13 (1) IN GENERAL.—An entity eligible to partici-  
14 pate in the pilot program is a transit agency that

18 ducted each year;

8 pendently.

12 prior to implementation of the pilot program

15 and advocacy organizations, for research pur-  
16 poses; and

18 ment the pilot program.
