

117TH CONGRESS
1ST SESSION

H. RES. 425

Supporting the designation of May as “National Lyme and Tick-Borne
Disease and Conditions Awareness Month”.

IN THE HOUSE OF REPRESENTATIVES

MAY 20, 2021

Mrs. HARTZLER (for herself, Mr. FITZPATRICK, Mr. SMITH of New Jersey,
Ms. STEFANIK, and Mr. STEUBE) submitted the following resolution;
which was referred to the Committee on Oversight and Reform

RESOLUTION

Supporting the designation of May as “National Lyme and
Tick-Borne Disease and Conditions Awareness Month”.

Whereas there are an estimated 476,000 new cases of Lyme
disease annually, putting undue burden and suffering on
countless individuals and families;

Whereas Lyme disease is a rapidly growing epidemic and
ticks that transmit Lyme disease are found in half of all
United States counties and about 80 countries worldwide;

Whereas Lyme disease has no known cure and is difficult to
diagnose;

Whereas Lyme disease poses a significant threat to our com-
munities, especially when coupled with other tick-borne
illnesses and conditions such as alpha-gal allergy,
Babesiosis, Heartland virus, Tularemia, and STARI;

Whereas symptoms are often mistaken for common illnesses but can affect the nervous system, the heart, and joints, leading to arthritic symptoms, paralysis, encephalitis, seizures, and death if left untreated;

Whereas a comprehensive approach utilizing increased education and more research on Lyme and other tick-borne diseases and conditions and their vectors can lead to significant advancements;

Whereas individuals and families should seek out and be aware of best practices for the prevention of tick bites and Lyme and other tick-borne diseases and conditions;

Whereas individuals living in or visiting wooded and other vulnerable areas should check themselves and their loved ones for ticks each day;

Whereas spring marks the beginning of increased tick-bite activity; and

Whereas May would be an appropriate month to designate as “National Lyme and Tick-Borne Disease and Conditions Awareness Month”: Now, therefore, be it

1 *Resolved*, That the House of Representatives supports
 2 the designation of “National Lyme and Tick-Borne Dis-
 3 ease and Conditions Awareness Month” to increase public
 4 knowledge of Lyme and other tick-borne diseases and con-
 5 ditions, raise awareness about the prevention of tick bites,
 6 and advance the vision of finding cures through critical
 7 research.
