1ST SESSION

# H. R. 2506

To counter Saudi Arabia’s possible pursuit of weapons of mass destruction,  
and for other purposes.

---

IN THE HOUSE OF REPRESENTATIVES

APRIL 14, 2021

Mr. CASTRO of Texas (for himself and Mr. LIEU) introduced the following bill;  
which was referred to the Committee on Foreign Affairs

---

## A BILL

To counter Saudi Arabia’s possible pursuit of weapons of  
mass destruction, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Stopping Activities Un-  
5       derpinning Development In Weapons of Mass Destruction  
6       Act” or the “SAUDI WMD Act”.

7       **SEC. 2. FINDINGS.**

8       Congress makes the following findings:

9               (1) The People’s Republic of China (in this Act  
10       referred to as “China”), became a full-participant of

1 the Nuclear Suppliers Group in 2004, committing it  
2 to apply a strong presumption of denial in exporting  
3 nuclear-related items that a foreign country could  
4 divert to a nuclear weapons program.

5 (2) China also committed to the United States,  
6 in November 2000, to abide by the foundational  
7 principles of the 1987 Missile Technology Control  
8 Regime (MTCR) to not “assist, in any way, any  
9 country in the development of ballistic missiles that  
10 can be used to deliver nuclear weapons (i.e., missiles  
11 capable of delivering a payload of at least 500 kilo-  
12 grams to a distance of at least 300 kilometers)”.

13 (3) In the 1980s, China secretly sold the King-  
14 dom of Saudi Arabia (in this Act referred to as  
15 “Saudi Arabia”) conventionally armed DF-3A bal-  
16 listic missiles, and in 2007, reportedly sold Saudi  
17 Arabia dual-use capable DF-21 medium-range bal-  
18 listic missiles of a 300 kilometer, 500-kilogram  
19 range and payload threshold which should have trig-  
20 gered a denial of sale under the MTCR.

21 (4) The 2020 Department of State Report on  
22 the Adherence to and Compliance with Arms Con-  
23 trol, Nonproliferation, and Disarmament Agree-  
24 ments and Commitments found that China “contin-  
25 ued to supply MTCR-controlled goods to missile pro-

1       grams of proliferation concern in 2019” and that  
2       the United States imposed sanctions on nine Chinese  
3       entities for covered missile transfers to Iran.

4           (5) A June 5, 2019, press report indicated that  
5       China allegedly provided assistance to Saudi Arabia  
6       in the development of a ballistic missile facility,  
7       which if confirmed, would violate the purpose of the  
8       MTCR and run contrary to the longstanding United  
9       States policy priority to prevent weapons of mass de-  
10      struction proliferation in the Middle East.

11          (6) The Arms Export and Control Act of 1976  
12      (Public Law 93–329) requires the President to sanc-  
13      tion any foreign person or government who know-  
14      ingly “exports, transfers, or otherwise engages in the  
15      trade of any MTCR equipment or technology” to a  
16      country that does not adhere to the MTCR.

17          (7) China concluded two nuclear cooperation  
18      agreements with Saudi Arabia in 2012 and 2017, re-  
19      spectively, which may facilitate China’s bid to build  
20      two reactors in Saudi Arabia to generate 2.9  
21      Gigawatt-electric (GWe) of electricity.

22          (8) On August 4, 2020, a press report revealed  
23      the alleged existence of a previously undisclosed ura-  
24      nium yellowcake extraction facility in Saudi Arabia  
25      allegedly constructed with the assistance of China,

1       which if confirmed, would indicate significant  
2       progress by Saudi Arabia in developing the early  
3       stages of the nuclear fuel cycle that precede uranium  
4       enrichment.

5               (9) Saudi Arabia's outdated Small Quantities  
6       Protocol and its lack of an in force Additional Pro-  
7       tocol to its International Atomic Energy Agency  
8       (IAEA) Comprehensive Safeguards Agreement se-  
9       verely curtails IAEA inspections, which has led the  
10      Agency to call upon Saudi Arabia to either rescind  
11      or update its Small Quantities Protocol.

12             (10) On January 19, 2021, in response to a  
13      question about Saudi Arabia's reported ballistic mis-  
14      sile cooperation with China, Secretary of State-to-be  
15      Antony J. Blinken stated that "we want to make  
16      sure that to the best of our ability all of our part-  
17      ners and allies are living up to their obligations  
18      under various nonproliferation and arms control  
19      agreements and, certainly, in the case of Saudi Ara-  
20      bia that is something we will want to look at."

21             (11) On March 15, 2018, the Crown Prince of  
22      Saudi Arabia, Mohammad bin-Salman, stated that  
23      "if Iran developed a nuclear bomb, we would follow  
24      suit as soon as possible," raising questions about  
25      whether a Saudi Arabian nuclear program would re-

1 main exclusively peaceful, particularly in the absence  
2 of robust international IAEA safeguards.

3 (12) An August 9, 2019, study by the United  
4 Nations High Commissioner for Human Rights  
5 found that the Saudi Arabia-led military coalition  
6 airstrikes in Yemen and its restrictions on the flow  
7 of humanitarian assistance to the country, both of  
8 which have disproportionately impacted civilians,  
9 may be violations of international humanitarian law.

10 **SEC. 3. DETERMINATION OF POSSIBLE MTCR TRANSFERS**  
11 **TO SAUDI ARABIA.**

12 (a) MTCR TRANSFERS.—Not later than 30 days  
13 after the date of the enactment of this Act, the President  
14 shall submit to the appropriate committees of Congress  
15 a written determination, and any documentation to sup-  
16 port that determination, detailing—

17 (1) whether any foreign person knowingly ex-  
18 ported, transferred, or engaged in trade of any item  
19 designated under Category I of the MTCR Annex  
20 item with Saudi Arabia in the previous three fiscal  
21 years; and

22 (2) the sanctions the President has imposed or  
23 intends to impose pursuant to section 11B(b) of the  
24 Export Administration Act of 1979 (50 U.S.C.  
25 4612(b)) against any foreign person who knowingly

1 engaged in the export, transfer, or trade of that item  
2 or items.

3 (b) WAIVER.—Notwithstanding any provision of  
4 paragraphs (3) through (7) of section 11(B)(b) of the Ex-  
5 port Administration Act of 1979 (50 U.S.C. 4612(b)), the  
6 President may only waive the application of sanctions  
7 under such section with respect to Saudi Arabia if that  
8 country is verifiably determined to no longer possess an  
9 item designated under Category I of the MTCR Annex re-  
10 ceived in the previous three fiscal years.

11 (c) FORM OF REPORT.—The determination required  
12 under subsection (a) shall be unclassified with a classified  
13 annex.

14 **SEC. 4. PROHIBITION ON UNITED STATES ARMS SALES TO**  
15 **SAUDI ARABIA IF IT IMPORTS NUCLEAR**  
16 **TECHNOLOGY WITHOUT SAFEGUARDS.**

17 (a) IN GENERAL.—The United States may not sell,  
18 transfer, or authorize licenses for export of any item des-  
19 ignated under Category III, IV, VII, or VIII on the United  
20 States Munitions List pursuant to section 38(a)(1) of the  
21 Arms Export Control Act (22 U.S.C. 2778(a)(1)) to Saudi  
22 Arabia, other than ground-based missile defense systems,  
23 if Saudi Arabia has, in the previous three fiscal years—

24 (1) knowingly imported any item classified as  
25 “plants for the separation of isotopes of uranium”

1 or “plants for the reprocessing of irradiated nuclear  
2 reactor fuel elements” under Part 110 of the Nu-  
3 clear Regulatory Commission export licensing au-  
4 thority; or

5 (2) engaged in nuclear cooperation related to  
6 the construction of any nuclear-related fuel cycle fa-  
7 cility or activity that has not been notified to the  
8 IAEA and would be subject to complementary access  
9 if an Additional Protocol were in force.

10 (b) WAIVER.—The Secretary of State may waive the  
11 prohibition under subsection (a) with respect to Saudi  
12 Arabia if the Secretary submits to the appropriate com-  
13 mittees of Congress a written certification that contains  
14 a determination, and any relevant documentation on which  
15 the determination is based, that Saudi Arabia—

16 (1) has brought into force an Additional Pro-  
17 tocol to the IAEA Comprehensive Safeguards Agree-  
18 ment based on the model described in IAEA  
19 INFCIRC/540;

20 (2) has concluded a civilian nuclear cooperation  
21 agreement with the United States under section 123  
22 of the Atomic Energy Act of 1954 (42 U.S.C. 2153)  
23 or another supplier that prohibits the enrichment of  
24 uranium or separation of plutonium on its own terri-  
25 tory; and

1           (3) has rescinded its Small Quantities Protocol  
2           and is not found by the IAEA Board of Governors  
3           to be in noncompliance with its Comprehensive Safe-  
4           guards Agreement.

5           (c) RULE OF CONSTRUCTION.—Nothing in this Act  
6           may be construed as superseding the obligation of the  
7           President under section 502B(a)(2) or section 620I(a) of  
8           the Foreign Assistance Act of 1961 (22 U.S.C. 2304(a)(2)  
9           and 2378–1(a)) to not furnish security assistance to Saudi  
10          Arabia or any country if Saudi Arabia or such country—

11           (1) engages in a consistent pattern of gross vio-  
12          lations of internationally recognized human rights;  
13          or

14           (2) prohibits or otherwise restricts, directly or  
15          indirectly, the transport or delivery of United States  
16          humanitarian assistance.
