## RESOLUTION

Expressing support for the designation of November 20, 2022, through December 20, 2022, as “National Survivors of Homicide Victims Awareness Month”.

Whereas the United States faces a national public health crisis of gun violence;

Whereas, on average, more than 13,000 homicides each year continue to rob families and communities of loved ones;

Whereas homicides increased by 30 percent in 2020, compounding the many deaths caused by COVID–19;

Whereas for every 1 homicide victim, there are at least 10 surviving family members, resulting in an average of over 130,000 new survivors of homicide victims each year, and 215,000 new such survivors in 2020;

Whereas homicide victims are loved and grieved by mothers, fathers, sisters, brothers, sons, daughters, husbands, wives, partners, grandparents, aunts, uncles, extended family members, friends, neighbors, classmates, colleagues, and communities across the country;

Whereas almost 1 in 4 Black American and Hispanic/Latinx adults report having lost a loved one to gun-related homicide;

Whereas losing a loved one to homicide is one of the most traumatic events a person can experience;

Whereas homicide is the leading cause of death among Black Americans age 12–19 and the second leading cause of death for teenagers nationwide;

Whereas more than half of women who are victims of homicides are killed because of intimate partner violence;

Whereas 40 percent of homicides in the United States go unsolved;

Whereas homicide results in short-term and chronic physical and behavioral health consequences that carry significant behavioral and economic burdens on families and communities impacted by murder, trauma, grief, and loss;

Whereas all families of homicide victims deserve to be treated with dignity and compassion;

Whereas surviving family members need holistic, coordinated, compassionate, and consistent support and services in the immediate aftermath of a homicide and ongoing opportunities for healing in the months and years afterward;

Whereas surviving family members want to remember and honor their loved one's lives regardless of the circumstances surrounding their death;

Whereas survivors of homicide victims are using their tragedies to inform, influence, and impact public policy so that all children, regardless of where they live, can grow up in a safe, peaceful community;

Whereas survivors, advocates, and providers are working together to implement equitable and effective community-based responses to homicide;

Whereas the leadership by surviving family and community members is essential to disrupting cycles of violence and promoting peace in all communities; and

Whereas recognition of the needs of survivors can help combat trauma, foster healing, and inform joy for families and communities impacted by homicide: Now, therefore, be it
