## RESOLUTION

Recognizing August 3, National Night Out, the national coming together of Americans all over the Nation to unite and promote public safety.

Whereas on the first Tuesday of August, our Nation will observe National Night Out, a day to cultivate a better relationship between residents of a community and their local law enforcement, and to promote public safety;

Whereas the participation in National Night Out by over 38,000,000 neighbors in over 16,000 communities across the United States for over 38 years is inspiring;

Whereas the relationship between local law enforcement and the residents which they are sworn to protect is important in creating a true sense of community;

Whereas general awareness of public safety has improved, because of the continued efforts of communities to meet their law enforcement officers and participate in National Night Out activities;

Whereas prominent figures, such as former Senator Kay Bailey Hutchinson, President Joe Biden, and Vice President Kamala Harris, have recognized the impact that National Night Out has made across the Nation, bringing all Americans closer together to achieve a common goal of community cohesiveness and public safety; and

Whereas National Night Out not only includes Americans on the mainland, but includes those in United States territories and military bases to ensure all are included in the effort of community building and public safety awareness: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) encourages law enforcement departments to  
3       use National Night Out to improve relationships  
4       with the communities they serve;

5               (2) encourages public safety departments to in-  
6       form communities—

7                       (A) how to most effectively contact their  
8       911 responders and emergency service pro-  
9       viders; and

10               (B) how they carry out their duties; and

11               (3) recognizes the impact that has been made  
12       for the past 38 years in communities all over the  
13       United States of America by National Night Out in

- 1 creating a more united country by fostering relation-
- 2 ships between residents, neighbors, and local law en-
- 3 forcement, and promoting public safety awareness.
