## A BILL

To make updates to the National Strategy for Combating  
Terrorist and Other Illicit Financing, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Combating Terrorist  
5 and Other Illicit Financing Act”.

6 **SEC. 2. INCLUDING OF TRIBAL GOVERNMENTS AND TERRI-**  
7 **TORIES IN THE HIGH-RISK MONEY LAUN-**  
8 **DERING AND RELATED FINANCIAL CRIME**  
9 **AREAS.**

10 (a) FINDINGS.—The Congress finds the following:

1           (1) According to the Department of Justice,  
2           human trafficking is “a crime that involves exploit-  
3           ing a person for labor, services, or commercial sex”,  
4           a global illicit trade that is estimated by Global Fi-  
5           nancial Integrity to be valued at more than \$150.2  
6           billion each year.

7           (2) Polaris, the non-governmental organization  
8           which runs the United States National Human Traf-  
9           ficking Hotline, has found that while human traf-  
10          ficking is a nationwide problem, the majority of do-  
11          mestic human trafficking victims are “people who  
12          have historically faced discrimination and its polit-  
13          ical, social and economic consequences: people of  
14          color, indigenous communities, immigrants and peo-  
15          ple who identify as LGBTQ+”.

16          (3) For this reason, it is important that law en-  
17          forcement representing native communities and ter-  
18          ritories are part of the national dialogue about coun-  
19          tering human trafficking.

20          (4) The High Intensity Financial Crime Areas  
21          program, which is intended to concentrate law en-  
22          forcement efforts at the Federal, State, and local  
23          level to combat money laundering in designated  
24          high-intensity money laundering zones, considers

1 human trafficking among other financial crime  
2 issues and actors.

3 (5) In each High Intensity Financial Crime  
4 Area, a money-laundering action team, comprised of  
5 relevant Federal, State, and local enforcement au-  
6 thorities, prosecutors, and financial regulators,  
7 works together to coordinate Federal, State, and  
8 local anti-money laundering effort.

9 (6) The High Intensity Financial Crime Area  
10 program does not currently mandate the inclusion of  
11 law enforcement and other agencies from Tribes and  
12 territories.

13 (7) Further, the National Strategy for Com-  
14 bating Terrorist and Other Illicit Financing, a valu-  
15 able report which is scheduled to sunset in January  
16 2022, does not currently mandate the inclusion of  
17 law enforcement and other agencies from Tribes and  
18 Territories.

19 (b) NATIONAL STRATEGY FOR COMBATING TER-  
20 RORIST AND OTHER ILLICIT FINANCING.—The Coun-  
21 tering Russian Influence in Europe and Eurasia Act of
