117TH CONGRESS 2D SESSION

H. R. 7430

To establish limitations on modifications to trade agreements, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

APRIL 6, 2022

Mr. Smith of Nebraska (for himself, Mr. Buchanan, Mr. Ferguson, Mrs. Walorski, Mr. Lahood, Mr. Wenstrup, Mr. Murphy of North Carolina, Mr. Estes, Mrs. Miller of West Virginia, Mr. Smucker, and Mr. Hern) introduced the following bill; which was referred to the Committee on Ways and Means, and in addition to the Committee on Rules, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To establish limitations on modifications to trade agreements, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Protecting American
- 5 Innovation Act".
- 6 SEC. 2. FINDINGS.
- 7 Congress finds the following:

- (1) Section 8 of article I of the United States
 Constitution provides Congress with authority over
 international trade. Congress has used that authority to approve a number of trade agreements, including the WTO Agreement.
 - (2) Section 8 of article I of the United States Constitution provides Congress with authority to provide intellectual property protections in order to "promote the progress of science and useful arts". People in the United States rely on those protections to support jobs and continue the highly successful leadership of the United States with respect to innovation.
 - (3) The United States may not withdraw or otherwise alter the rights and obligations for the United States arising from a congressionally approved trade agreement without the consent of Congress.
 - (4) The United States is a global leader in containing and ending the COVID-19 pandemic.
 - (5) Innovators in the United States successfully and rapidly brought to fruition vaccines that provide highly effective protection against COVID-19. At facilities across the United States, thousands of United States workers are working around the clock

- to manufacture COVID-19 vaccines, contributing to the rapid, global scale up of manufacturing that is expected to reach at least 10,000,000,000 doses by the end of 2021.
 - (6) The United States is a founding member of the World Trade Organization. The United States has secured and supported critical commitments in the WTO for protection of intellectual property of United States persons and globally, including under the Trade-Related Aspects of Intellectual Property Rights Agreement or the TRIPS Agreement.
 - (7) In implementing the Uruguay Round, Congress established under section 315 of the Uruguay Round Agreements Act (19 U.S.C. 3581) that it is the objective of the United States to "accelerate the implementation" of the TRIPS Agreement and to "seek enactment and effective implementation by foreign countries of laws to protect and enforce intellectual property rights that supplement and strengthen the standards" of the TRIPS Agreement.
 - (8) Longstanding intellectual property protections are critical to efforts by the United States and the biopharmaceutical industry to develop and manufacture vaccines for both people in the United States and around the world.

- (9) The United States is committed to providing global access to COVID-19 vaccines.
 - (10) In order to accelerate production and distribution of COVID-19 vaccines, biopharmaceutical manufacturers in the United States are collaborating at a scale that previously was unimaginable, including by entering into hundreds of voluntary manufacturing, production, and other partnerships around the world.
 - vaccines involves highly specialized and unique infrastructure and equipment, as well as highly trained and experienced personnel. Manufacturing and distributing safe and effective COVID-19 vaccines on a global scale is incredibly challenging. Many experts on vaccine production and distribution are warning that waiving intellectual property protections will undermine the global response to the COVID-19 pandemic and compromise vaccine safety, including by disrupting the distribution of scarce raw materials for vaccines that existing vaccine makers with proven track records for delivering high-quality, safe, and effective vaccines need to continue their own production.

- (12) The United States Trade Representative announced without any consultation with Congress that the United States will support a waiver of intellectual property protections under the TRIPS Agreement for COVID-19 vaccines. That decision is not consistent with the intellectual property negotiating objectives of the United States set forth in section 315 of the Uruguay Round Agreements Act (19 U.S.C. 3581).
 - (13) That waiver announcement created confusion, and raised concerns that a successful effort to suspend protections will weaken already strained supply chains and foster the proliferation of ineffective and potentially dangerous vaccines.
 - (14) The Trade Representative has not explained how a waiver of the TRIPS Agreement will expand vaccine production and access, particularly considering that the major impediments to vaccination efforts include the following:
 - (A) The difficulty in meeting the technical specifications of production and appropriately ensuring that finished vaccines are high-quality, safe, and effective.
- 24 (B) The scarcity of raw materials for the vaccines.

- 1 (C) Last-mile distribution and cold-chain 2 storage.
 - (D) Trade barriers to the free flow of inputs and finished products.
 - of China and the Government of the Russian Federation are engaged in large scale industrial espionage and technology theft of intellectual property of United States persons. The Department of Justice has issued indictments in connection with attempts sponsored by the Government of the People's Republic of China to steal United States vaccine research with respect to COVID-19.
 - (16) The Government of the People's Republic of China and the Government of the Russian Federation are using their vaccines as part of diplomatic efforts that may be contrary to the national security interests of the United States. Vaccines for COVID—19 manufactured by persons in the People's Republic of China and the Russian Federation appear to be less efficacious than those manufactured by producers in the United States. The Academy of Military Science, the scientific arm of the military of the People's Republic of China, is sponsoring the prin-

- cipal effort by the People's Republic of China to develop its own mRNA vaccine.
 - (17) At a hearing before the Committee on Finance of the Senate on May 12, 2021, the Trade Representative would not commit either—
 - (A) to ensure that any waiver of the TRIPS Agreement would exclude the People's Republic of China and the Russian Federation; or
 - (B) to ensure that Congress has advance access to the negotiating proposals of the United States for any such waiver.
 - (18) The innovative biopharmaceutical companies in the United States contribute more than \$1,100,000,000,000 annually to the United States economy, and employ more than 500,000 workers making 1.4 times the average earnings in the United States, including 153,000 workers who do not have a college degree.
 - (19) Waiving intellectual property protections, particularly of the mRNA technology platform in which the Defense Advanced Research Project Agency invested not less than \$250,000,000, raises serious economic and national security concerns.

1 SEC. 3. SENSE OF CONGRESS.

2	It is the sense of Congress that—
3	(1) the United States should continue to act as
4	a global leader to help contain and end the COVID-
5	19 pandemic at home and abroad;
6	(2) innovators in the United States are already
7	heroes for their breakthrough work in developing
8	and producing COVID-19 vaccines;
9	(3) it should be a priority of the global commu-
10	nity, with the assistance of the United States, to ef-
11	ficiently and quickly manufacture and distribute
12	COVID-19 vaccines around the world, and in par-
13	ticular to those countries that are most vulnerable;
14	(4) current impediments to further vaccination
15	efforts are due to—
16	(A) the technically difficult manufacturing
17	requirements for vaccines;
18	(B) the need to appropriately ensure that
19	vaccines are high-quality, safe, and effective;
20	(C) raw material constraints; and
21	(D) difficulties in distribution;
22	(5) intellectual property protections for
23	COVID-19 vaccines have not impeded vaccination
24	efforts for COVID-19;

1	(6) intellectual property protections in fact help
2	ensure the safe and efficient manufacturing of
3	COVID-19 vaccines;
4	(7) waiving intellectual property protections
5	could lead to the production of substandard, ineffec-
6	tive, and potentially unsafe COVID-19 vaccines;
7	(8) the Trade Representative must consult with
8	Congress before taking a position on the current
9	TRIPS Agreement waiver proposal before the WTO
10	and any further proposals to waive or weaken intel-
11	lectual property obligations under the TRIPS Agree-
12	ment;
13	(9) Congress and the people of the United
14	States are entitled to comprehensive expert analysis
15	regarding the implications of a waiver to the TRIPS
16	Agreement for jobs, economic growth, public health,
17	and national security in the United States; and
18	(10) the United States must oppose any waiver
19	to intellectual property obligations under the TRIPS
20	Agreement for the response to the COVID-19 pan-
21	demic until those implications are fully analyzed.

13	(i) access to vaccines in the United
14	States;

12	TRIPS Agreement can be used to expedite vac-
13	cine access during the one-year period begin-
14	ning on the date of the enactment of this Act
15	and how those flexibilities may be effectively
16	used; and
17	(C) other reasonably feasible alternatives
18	to the TRIPS waiver that might expedite global

(c) National Security Investigation.—

shall conduct an investigation, in consultation with the Secretary of Commerce, the Secretary of Health and Human Services, and the Trade Representative, to determine the effects of a TRIPS waiver with respect to addressing the COVID–19 pandemic on the national security of the United States, in particular whether such a waiver that extends to mRNA technology could contribute to future deployment of that technology by the People's Republic of China, the Russian Federation, or countries designated as state sponsors of terrorism.

(2) Report.—

(A) IN GENERAL.—Before any official, employee, or agent of the United States enters into negotiations concerning a TRIPS waiver with respect to addressing the COVID-19 pandemic after the date of the enactment of this Act, and not later than 60 days after such date

6	from meeting its objectives;
7	(C) a description of how the Trade Rep-
8	resentative plans to remedy those inadequacies;
9	(D) evidence supporting those inadequa-

16	suspension of or modification to a trade agree-
17	ment for which a plan was submitted to the

6	United States as a whole and on specific
7	industry sectors, including any impact on
8	gross domestic product, exports and im-
9	ports, aggregate employment and employ-
10	ment opportunities, production, employ-

13	the suspension or modification, and the in-
14	terests of consumers.
15	(B) Public Hearing.—The Commission
16	shall conduct a public hearing for each suspen-
17	sion of or modification to a trade agreement for

24	with respect to a suspension of or modification

to a trade agreement for which a plan was sub-

3	days after the plan was submitted.
4	(D) CONFIDENTIAL REPORT.—If the Com-
5	mission determines that certain aspects of a re-
6	port required to be published under subpara-

8	proprietary data or to protect the interests of
9	the United States with respect to a potential
10	negotiation, the Commission shall—
11	(i) publish a redacted report under
12	subparagraph (A); and
13	(ii) submit to the appropriate congres-
14	sional committees an unredacted report.
15	(E) Negotiation.—The Trade Represent-
16	ative may proceed to enter into negotiations

1	text concerning the relevant changes to the
2	trade agreement.
3	(C) The President shall submit to Con-
4	gress on a day on which both Houses of Con-
5	gress are in session a copy of the final legal
6	text with respect to which the President seeks
